Irymple South Primary School is located in a semi rural setting 12 kilometres from Mildura. The school is the only public building to identify the Irymple South area and the school’s 225 students are drawn from surrounding horticultural properties and low density housing.

Although the school is over ninety years old, it is comprised of a general-purpose room, funded and built by the school community, together with new classrooms and a modern library and computer room constructed in 2002, as part of a school upgrade via a developed master plan. Classrooms feature whole class, group and outside teaching areas. The grounds cover an area of approximately 2.6 hectares, being attractive and spacious with excellent sporting facilities provided.

The school’s Library and Computer Laboratory form a modern learning centre for students. The Student Learning Centre is comprised of a computer lab housing 30 computers for student use and the well stocked Library is furnished to provide an additional teaching and learning space. The Library resources are extensive and current to support the innovative reading programs provided, including Friends and Books (FAB) and Book Chat.

Irymple South PS is a family orientated school and strongly encourages parent participation in all school programs. Family support for the school and its programs is excellent and there is a strong sense of community within the school. Parents value the welcoming and supportive nature of the school and its staff and the learning environment provided for their children.

Irymple South is recognised for its innovative programs, including our Recycling program and the programs offered in The Arts. Irymple South Primary School prides itself on being able to offer students the opportunity to compete in all district sporting events and our students have a tradition of sporting achievement in all disciplines.

Irymple South is implementing the Blueprint for Government Schools and our challenge in the coming four years will be to successfully implement the reforms, whilst ensuring the unique needs of the Irymple South Primary School community are met. Our aim is to create an effective learning community and to take our school from being a very good school to being a great school.
