

## CURRICULUM FRAMEWORK

### PURPOSE

The purpose of this framework is to outline Irymple South Primary School's organisation, implementation and review of curriculum and teaching practices and to ensure that, taken as a whole, all eight learning areas are substantially addressed, unless an exemption applies.

The framework shows, at a high level, how the school will deliver its curriculum, how the curriculum and teaching practice will be reviewed, how we assess student learning, how we record and monitor student performance, and when and how we report to parents.

This curriculum framework should be read alongside Scope and Sequence documents, Visible Learning Sequences and our whole school Assessment Schedule.

### OVERVIEW

Irymple South Primary School provides all students with a planned and structured curriculum to equip them with the knowledge, skills and attributes needed to complete their schooling and to make a successful transition from school to work, training or further education.

Irymple South Primary School is committed to offering a comprehensive curriculum based on the [Victorian Curriculum F-10](#). The key points in this framework, and in line with the [F-10 Revised Curriculum Planning and Reporting Guidelines](#), are a commitment to:

- A defined curriculum content is the basis for student learning
- Curriculum planning that is based on two-year bands of schooling rather than each year level
- Developing and publishing a separate whole-school curriculum plan that documents our teaching and learning program
- Reporting student learning against the achievement standards in the curriculum
- Reporting student learning to students and parents in line with the Department's [Reporting Student Achievement and Progress Foundation to 10](#) policy.
- Complying with Departmental policies relating to curriculum provision, including:
  - [Physical and Sport Education — Delivery Outcomes](#)
  - [Languages Education](#)

Irymple South Primary School aims to empower every student to reach their full potential academically, socially and emotionally through high quality teaching practice, equipping them with the knowledge, skills and dispositions for lifelong learning in a safe, inclusive and thriving environment. Our visible learning and teaching approach and culture of excellence creates a stimulating learning environment that engages and challenges students to achieve personal success and make positive contributions to society. Our school encourages students to strive for excellence in all their endeavours. At Irymple South Primary School our curriculum presents students with the opportunity to develop deep understandings on a range of concepts throughout their school lives. Our broad curriculum is planned and taught sequentially and the Learning Sequences encourage students to have ownership of their learning. It is designed to develop student voice and agency, thinking and social

skills, foster engagement with the wider community and include use of a wide variety of technology to assist in student learning. To support the delivery of the curriculum at our school we access and select a wide range of suitable educational resources and undertake a range of student assessment and reporting activities.

## IMPLEMENTATION

Irymple South Primary School will determine the curriculum program for the following year, based on provision needs and DET policy requirements.

- All students undertake year-long programs in English, Mathematics, Physical Education and The Arts
- All students undertake science as part of the Inquiry program
- All students undertake Health as part of the Inquiry and Respectful Relationships programs
- Students undertake Humanities disciplines; History (all Grades), Geography (all Grades), Civics and Citizenship (Grades 3-6), Economics and Business (Grades 5 & 6) as part of the Inquiry Program.
- All students undertake technology disciplines; Design and Technologies is part of the Inquiry and Specialist program and Digital Technologies are integrated across all curriculum areas.

At Irymple South Primary School, class time is structured into a weekly timetable, with five hours of learning per day, broken into five 60-minute sessions. A breakdown of time allocated to each learning area is documented below:

Domain	Hours Per Week
English (classroom- reading)	5
English (classroom- writing)	5
Mathematics (classroom)	6
Physical Education (Specialist program)	1
The Arts (Specialist program- Music)	1
The Arts (Specialist program- Visual Arts)	1
Design and Technology (Specialist program)	1
Respectful Relationships/SWPBS/Classroom Meetings	1
Science (classroom- inquiry program) Health (classroom- inquiry program & Respectful Relationships) The Humanities (classroom- inquiry program) Design and Technology (classroom- inquiry program)	3
Sport (classroom)	1
Digital Technologies	Integrated across all learning areas
<b>Total</b>	<b>25 hours</b>

### Language provision

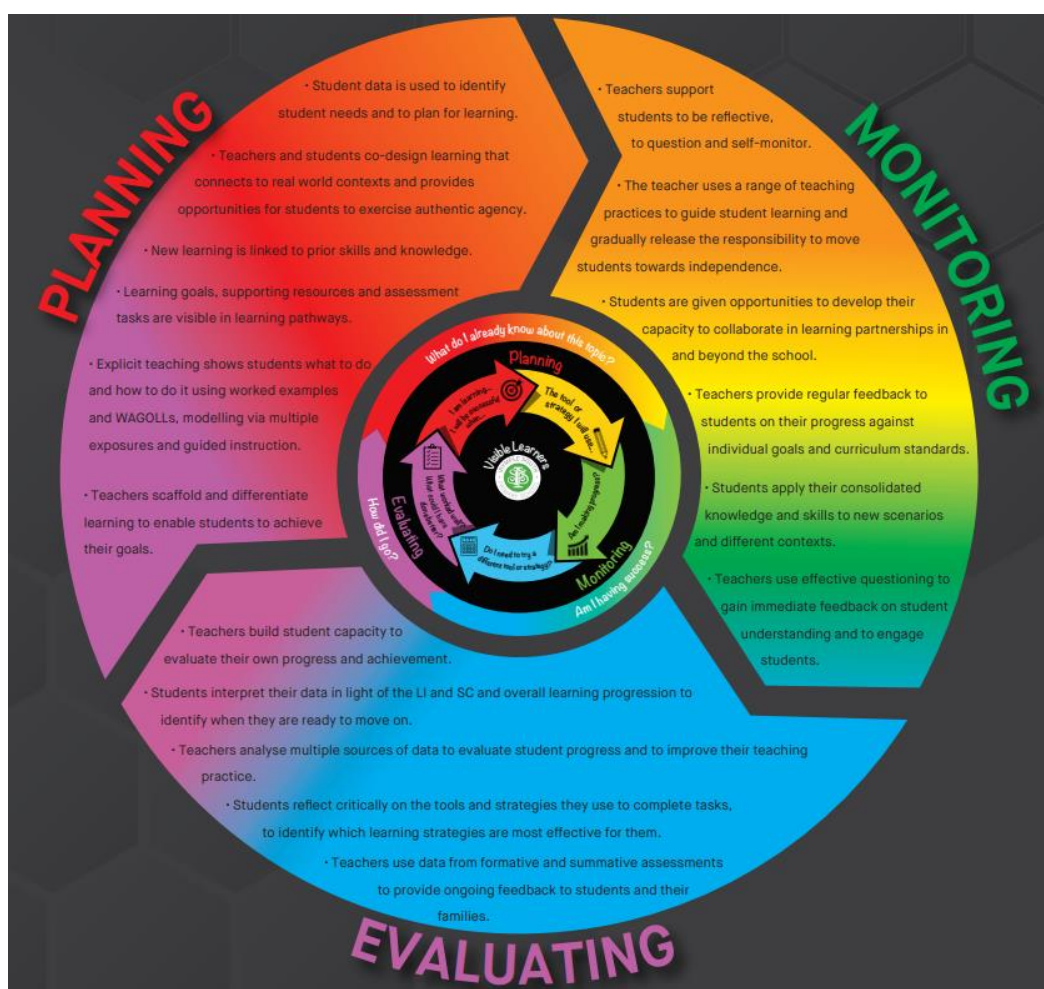

Irymple South Primary School currently has an exemption from providing a language program.

## Pedagogy

The pedagogical approach at Irymple South Primary School is documented in our Whole School Instructional Model (FIG. 1). The Instructional Model incorporates the Visible Learning Cycle at the centre to support students to work through the three stages of learning: planning, monitoring and evaluating.

The Instructional Model supports teachers to design engaging and challenging learning experiences through planned integration of curriculum, pedagogy and assessment. The Model is focused on teacher practice as the main contributor to improved student learning outcomes.

FIG. 1

The four stages of the learning design (FIG. 2) outline a whole-school approach to curriculum planning and ensures that all staff have a shared vision, common language and a shared understanding of the school's processes for curriculum planning, monitoring, evaluation and review.

FIG. 2

## Assessment

Irymple South Primary School assesses student progress in line with the Department's [Assessment of Student Achievement and Progress Foundation to 10](#) policy.

Students at Irymple South Primary School will have multiple and varied opportunities to demonstrate learning and achievement. Teachers use performance tasks that cover multiple curriculum levels to ensure that evidence of learning and growth is captured for every student.

- Teachers at Irymple South Primary School use a combination of formative assessment for learning (to focus feedback and guide future learning) and summative assessment of learning (to determine what the student has learned at the end of a sequence of learning), alongside student self-assessment and reflection.
- Assessment is used in an ongoing way, to guide future lessons and learning, as well as to keep students and parents informed of student progress (see description of 'reporting' below).
- Teachers will use a variety of assessment strategies to gather evidence about student achievement. The agreed assessment processes and tasks are documented in Visible Learning Pathways and the whole school Assessment Schedule. The assessments may include, but are

not limited to, tests and assignments, projects, portfolios, performances, discussions or student-teacher conferences.

- Assessment tasks are developed to support students to show their knowledge, skills and understandings and will include clear instructions, relevant supporting documents (scaffolds, planning documents, etc) and allow sufficient time for completion. Teachers will make modifications to the task to cater for students with additional learning needs.
- Irymple South Primary School will develop Individual Education Plans (IEPs) for students who are part of the Program for Students with a Disability (PSD), Koorie students and students in 'Out of Home' care, in consultation with students, parents and where appropriate, with outside agencies.
- Teachers will assess the achievements of students with disabilities and impairments in the context of the Victorian Curriculum and the 'Towards Foundation Level Victorian Curriculum' where applicable.
- Staff will participate in the moderation of assessment tasks involving assessment rubrics/documented success criteria and work samples so they can apply consistent judgements of student progress against Victorian Curriculum Standards across the school.

## Reporting

Irymple South Primary School reports student progress to parents in line with the Department's [Reporting Student Achievement and Progress Foundation to 10](#) policy. In addition, Irymple South Primary School ensures that there is continuous sharing of assessment information formally and informally with parents/carers throughout the term/semester, including progress reports each term and twice-annual formal reporting.

The twice-annual formal report will be in a written format easy for parents/carers to understand and will be accessible in digital form via Xuno, with the option to translate text from English to another language, to cater to our school community or the option to provide a hard copy upon request. The written report will:

- report directly against the Victorian [Curriculum F-10 achievement standards](#).
- include both student achievement and progress.
- use an age-related five-point scale for reporting against the achievement standards, where the quality of a student's achievement against what is 'expected' for students of that year level at the time of reporting is included

Opportunities will be provided for parents/carers and students to discuss the school report with classroom teachers and/or school leaders.

Learning conferences, conducted twice-yearly, enable the opportunity to discuss the students' progress and how they can continue to be supported at home.

What students are learning and how they are progressing will be communicated in various formats throughout the year:

What	Purpose	When
<b>Term 1</b>		
<b>Introductory Video</b>	To provide parents/carers/guardians with information specific to their child's class and year level. It will allow parents the opportunity to hear about specific programs and procedural matters that relate to daily classroom operation. The video will be published on Seesaw.	By week 4
<b>Student Support Group Meeting</b>	The group will meet to plan and support the educational, health, social, cultural and emotional wellbeing of students with diverse learning needs. This includes: <ul style="list-style-type: none"> <li>• Students supported by the PSD or Disability Inclusion.</li> <li>• Students with additional learning needs.</li> <li>• Students in Out of Home Care (OoHC).</li> </ul>	Week 5
<b>Progress Report</b>	The progress report will give an indication of a student's attitudes, motivations and dispositions that enhance or impede their capacity to learn. The progress report will be published on Xuno.	Week 6
<b>Learning Conference</b>	The conference gives students' an opportunity to share the instructional approach used in their classroom. They will also articulate their growth/progress and area/s for improvement with parents/carers/guardians.	Week 8
<b>Seesaw</b>	Selected work samples will be shared on Seesaw to capture the learning process and to highlight students' growth over time. Multimodal entries will provide students with the opportunity to reflect on their learning and to celebrate success/identify areas for growth.  The focus and frequency of student entries will vary in each year level.  <b>The purpose will be communicated in the newsletter and with parents/families in the introductory video.</b>	Ongoing
<b>Term 2</b>		
<b>Progress Report</b>	The progress report will give an indication of a student's attitudes, motivations and dispositions that enhance or impede their capacity to learn. The progress report will be published on Xuno.	Week 6
<b>Learning Celebration</b>	The Celebration of Learning provides an opportunity for parents/carers/guardians to visit their child's classroom and see it in action, engage in learning activities, checkout the classroom displays and celebrate achievements.	Week 8
<b>Formal Report</b>	The formal report will indicate a child's achievement and progress directly against the relevant Victorian Curriculum standards, using an age-related five-point scale.	End of term
<b>Optional Parent – Teacher meeting</b>	Parents/carers/guardians can make a meeting time to discuss their child's formal report. The day/time will be negotiated directly with the classroom teacher.	

<b>Seesaw</b>	<p>Selected work samples will be shared on Seesaw to capture the learning process and to highlight students' growth over time. Multimodal entries will provide students with the opportunity to reflect on their learning and to celebrate success/identify areas for growth.</p> <p>The focus and frequency of student entries will vary in each year level.</p>	Ongoing
<b>Term 3</b>		
<b>Learning Conference</b>	The conference gives parents/carers/guardians an opportunity to discuss the Semester 1 formal report. Student's will present work samples as evidence of growth and discuss area/s for improvement.	Week 3
<b>Student Support Group Meeting</b>	<p>The group will meet to plan and support the educational, health, social, cultural and emotional wellbeing of students with diverse learning needs. This includes:</p> <ul style="list-style-type: none"> <li>• Students supported by the PSD or Disability Inclusion.</li> <li>• Students with additional learning needs.</li> <li>• Students in Out of Home Care (OoHC).</li> </ul>	Week 5
<b>Progress Report</b>	The progress report will give an indication of a student's attitudes, motivations and dispositions that enhance or impede their capacity to learn. The progress report will be published on Xuno.	Week 6
<b>Seesaw</b>	<p>Selected work samples will be shared on Seesaw to capture the learning process and to highlight students' growth over time. Multimodal entries will provide students with the opportunity to reflect on their learning and to celebrate success/identify areas for growth.</p> <p>The focus and frequency of student entries will vary in each year level.</p>	Ongoing
<b>Term 4</b>		
<b>Grandparents Day</b>	An opportunity for grandparents (or a special person) to visit classrooms and engage in learning activities, tour the school, and celebrate achievements.	Week 5
<b>Progress Report</b>	The progress report will give an indication of a student's attitudes, motivations and dispositions that enhance or impede their capacity to learn. The progress report will be published on Xuno.	Week 6
<b>Formal Report</b>	The formal report will indicate a child's achievement and progress directly against the relevant Victorian Curriculum standards, using an age-related five-point scale.	End of term
<b>Optional Parent – Teacher meeting</b>	Parents/carers/guardians can make a meeting time to discuss their child's formal report. The day/time will be negotiated directly with the classroom teacher.

## CURRICULUM AND TEACHING PRACTICE REVIEW

School curriculum and teaching practice is reviewed against the [Framework for Improving of Student Outcomes \(FISO\)](#). FISO 2.0 and the FISO improvement cycle help identify focus areas for improvement and to evaluate the impact of introduced initiatives.

The School Improvement Team will meet regularly (at least twice per term) to track whole school data and identify potential curriculum areas that require focus. Data analysed will include, but is not limited to, NAPLAN, English and Maths Online, PAT-R/PAT-M, Common Assessment Tasks/Performance Tasks and teacher judgments based on learning outcomes in the Victorian Curriculum.

Each year the school will audit and evaluate the curriculum to ensure curriculum domains, dimensions and standards of the Victorian Curriculum meet minimum requirements and are updated to reflect current school initiatives. This audit will inform future curriculum planning.

Student learning outcomes data will be reported in the Annual Report to the School Community provided to the DET, and also available on the State Register maintained by the Victorian Registration and Qualifications Authority.

### Professional Learning Communities (PLC)

Irymple South Primary School uses PLCs to create a culture that is:

- focussed on continuous improvement by linking the learning needs of students with the professional learning and practice of teachers
- committed to professionalism
- fuelled by collaborative expertise.

PLCs help our teachers to evaluate the effect of high impact teaching strategies as well as trialling new curriculum plans.
